

2016 

The Les Artistes Espresso, Coffee and Tea collection from DKB Household is the perfect embodiment of innovation, air and functionality. Each cup has been designed with the consumer in mind, featuring a bold, textured, non-slip silicone cover to protect hands from the heat, whilst adding color and personality to your home. Les Artistes is the French housewares brand that Parisians themselves choose to have in their homes. Their love of coffee translates perfectly into functional and stylish designs, crafted from high quality materials for a product which looks great and is a pleasure to use.

The Les Artistes range of drinking cups is available in an exciting array of colors. The collection boasts bright pinks through to more subtle, yet tasteful shades of greys. The drinking cups are also offered in three sizes, so whatever the choice of drink, there is a cup that's right for you
